TAILORED HATS. 17.00 Tailored Hats 99.36

COVERDALE'S

Commercial Club Building

It Is Gamewell Method of Sending in Quick Notice of the old equipment will be either sold to some smaller town or kept in comin Lowlands Only.

OLD MEHTOD WILL GO TO HIGHLANDS

The new fire alarm equipment, con-tracted for some time ago by the city council with the Gamewell fire alarm and telegraph company of New York house for emergency. No ho city, has been received by the fire defeated be kept down town, however, partment and is already being installed. The equipment constats of the most up-to-date article possible the way of a switch board, eight-

in the way of a switch board, eightem new modern alarm boxes and new
batteries and wires.

Added to the old boxes the new
equipment will give the city a fire
alarm equipment sufficient for a city
much larger and will mest toen; requirements for years to come.

The new boxes are calculated to
provide against the conding in of
false alarms that has been so common with the old boxes. This is accomplished by the glass which must
be broken. In the old boxes there is
no glass and anyone wanting to see no glass and anyone wanting to see the horses run could send in an alarm without making any noise, while with the nea boxes breaking the glass will mean detection for the offender. After the glass is broken the key is turned, the door opened and the projecting holt palled down just as with the old boxes.

The new boxes are much befter pro-yided for the sending in of second and third alarms in that with the old and third alarms in that with the old baxes the device for sending these siarms was open to be tampered with by anyone. While with them it was impressible to send in a second or third alarm unless acquainted with the code, yet there was annoyaned and trouble on account of tampering. On the new boxes there is an inner duor to the subsequent alarm device and keys to this door will be given out only to officers of the firs department.

Controlled by an electro magnet the zew boxes are non-interfacing and when an alarm is being sent in, the number of the hox from which the slarm is sent, rings in all the other boxes. Also when an alarm is sent in a buzzing sound continues some time atterward to provide against alarm for the same fire being sent in twice. On advice of the underwriters the sid makes now legated in the lowlands thought of stopping off at Renember you also get your Thankagiving turkey for the connection with this big show when you go to the Gem.

Pally Pickights—The trouble with Tottle Twinkettees is that she never takes advantage of her opportunities.

Pleasie Postighte—I know it. Why, would you believe it, she actually pasted right through Nevada and never all thought of stopping off at Renember you

station in the lowlands. The wisdom of this is evident, as in mixing the two styles up on the same circuit this advantages of the new boxes would be neutralized. The Nash Electrical Supply company is at work stringing the new wire and this part of the work is ex-ported to be finished before the end of the week. That done, an expert will be sent by the manufacturers to properly superintend the remainder of the installation. The entire sys-tem is being equipped with new wire.

Extensive Orchards of Mesilla Valley and Pecos Districts Need Protection Against Growing Attacks of Moth.

(Special Correspondence to the Mercid)
Las Crucos, N. M., Nov. 20.—The
fruit growers of the Mesilia valley are
making a combined effort to have a The combination auto fire engine which was recently contracted for is expected by the first of February and with that the equipment will be complete. The wagon and horses now in the down-town house will be transferred to the companion of the state books now but it is not companion and therefore practically useless. the down-town house will be trans-ferred to the highlands, while the horses there will be disposed of and the wagon stored in the down-town house for emergency. No horses will

practically useless.

The fruit growers argue that the only way to stamp out orchard pests successfully is by spraying. Many other plans have been tried, but spraying has proven the most successful. The coldling moth (the apple's deadly enemy). The San Jasasscale, the weeky ophis and other pests are readily exterminated by frequent are readily exterminated by frequent and thorough use of liquid poisons. Under present conditions, one grower sprays his orchard and kills all the inacets. His next neighbor, however, is not so energetic and fails to spray. As a consequence the fruit in both or chards is damaged.

It has been stated by Prof. Pablan Garcia, the horticulturist of the Ag-ricultural college, that the coddling of the Thirty-first Annual New Mexico moth alone damages thousands of State fair, certify that the foregoing of apples in this valley every illey but many other parts of New

A well known rancher named T. N. A well known rancher named T. N. Hawkins had a very narrow escape in the treacherous Rio Grande Thursday night when he tried to ford the river with a loaded wagon. Mr. Hawkins had four horses bitched to a load of provisions. When he reached the middle of the stream the wagon stuck and the horses began to plunge. Hawkins jumped into the surging stream, cut the harness and made for the shore. The horses got out all right but the wagon remained in midstream. All the provisions were lost. The rancher returned to Las Cruces for halo

BAPTISMAL SERVICES AT CHRISTIAN CHURCH

The services being conducted by itev. Mark Wayne Williams at the Gold and Brondway Christian church continue to attract the deepest in-

continue to attract the deepest interest, and the meetings every evening show a large attendance. More
interest is being shown in the work
of the church by its members than
at any time in the history of the
church, and 35 additions to the memhership have resulted since these
meetings have been in progress.

There will be haptismal services at
the church this evening, and a sermon by Dr. Williams on the subject,
"A Declaration of Independence."
The vigorous and pleasing style of
this eloquent minister has made him
many friends and admirers in Albuquerque and there is no doubt that
the church will be crowded this
evening with psople of all denominations anxious to hear him preach,

Very Serious It is a very serious matter to sak for one medicine and have the grang one given you. For this reason we urge you in buying to be careful to get the genuine—

R. L. ORMSBEE, FRANK MCKEE. Dated Albuquerque, N. M., Nov. 17,

MORTUARY.

Maria Helicrice Touzel.

The funeral of Miss Maria Helicrine Touzel, who died Saturday afternoon after a lingering illness, was held this afternoon from the home of her brother-in-law. Dr. Edward McQueen Gray, on North Walter street. The services were private.

Miss Touzel leaves her sister, Mrs. E. McQueen Gray, and Dr. Gray, her brother-in-law.

Miss Touzel was the eldest child of

Miss Tousel was the eldest child of Colonel Percival Tousel, of the Innishiting regiment, and was named after a grandfather, General Helie Tousel, of d'Hautre, Jersey. General Tousel was the head of an ancient Normandy family. Miss Tousel cient Normandy family. Miss Tougel was born in Cape Colony, where her father was in command; just a month less than 69 years ago. She was of a distinguished frish family, on the maternal side of the house, the Walfes of Forenaughts, and was the grand-niece of Viscount Kilwarded, the second of the third eari of Normandy. General Walfe, captor of Quebec, was a member of the family.

George F. Brown.

George F. Brown, for the past 10 years a resident of this city, died to-day of a complication of discusses. Brown was a well known member of the colored population of the city and was respected by all who knew him, for his bonesty and industry. He came from Sedalia, Mon and for a long time was employed at the imperial laundry.

HIGH SCHOOL DEFEATS LOCAL INDIAN SCHOOL

liy a score of \$ to 5 the local high School saturday afternoon defeated the eleven from the local Indian school in a match football game for the championship of the city. The game was one of the hardest ever played here, even including the University's games. The Indians were in the game to win all the time, and occasionally played with more roughness than seemed necessary to the casual observer. But they carried the ball far and well. Their only score was made in the first quarter, and in the same period, Louis Hesselden, one of the star ends of the High School tried several forward passes, and onside kicks, and worked them well. Both teams displayed elever defensive work in blocking kicks and forward passes. Lapralk and Expiness were the real confectionary twins after Hesselden was taken and, running down the field in swell shape for forward passes and to tackle Indians catching kicks Several times the Indian safety returned quarter, was put out of the game with a broken collar hone. Louis cred like a baby because they would not let him go hack into the game, showing a spirit that will do more than wip fontball games.

The red men worked line typics that will do more than the chambed the chamble to put the hall across more than the one time. The passes, and onside kicks, and worked them well. Both teams displayed elever defeasive work in blocking kochs and forward passes. Lapralk and Expiness were the real confectionary twins after Hesselden was taken and Expiness were the real confectionary twins after Hesselden was taken and Expiness and forward passes. Lapralk and Expiness were the real confectionary twins after Hesselden was taken and expiness and forward passes. Lapralk and Expiness were the real confectionary twins after Hesselden was taken and Expiness.

The sea haby the first quarter, and in the same period, Louis Hesselden, one of the same with a first quarter, and in the same with a first quarter, and in the same period, Louis Hesselden, one of the same period the same period the same period the sam

C. Boyd Taken From Sleeper in Pueblo Charged With Attempt to Relieve Passenger of Effects.

Pueblo, Colo., Nov. 29.-Caught, it alleged, in an attempt to rob the Pueblo-Leadville Pullman sleeping car, attached to Denver and Ric Grande No. 15, while it stood in the Puchlo Union depot yards at 1 o'clor) this morning, J. C. Boyd, who claim ****************************** to be a bookkeeper employed by the Rocky Mountain Coal company of Denver, was grabbed by the Pullman conductor and turned over to Depot Master McPheeters who sent him to the city jail.

Hoyd had his hands and arms insid the lower berth occupied by M. V. Brown, of Buena Vista, when he was dscovered, it is said. He had almost negotiated the removal of Brown's trousers, containing his watch and money, which had been hung in the hammock of the berth, when Brown awoke and called for help. Hoyd absolutely denies his guilt, says that he was sent out by his company on a business trip and that he had nothing to do with the attempted robbery.

Boyd was first noticed by the conductor of the passenger train at Colo rado Springs. He enquired regarding the stop there and asked if he would have time to cut lunch. The conductor informed him that the first chance for lunch would be at Pueblo where

of a man in his berth and the cap-ture of Boyd by Pullman Conductor Nordyka followed.

Chief Special Agent McCafferty, or the Derver and Rio Grande, was notified and started to work on the case immediately. The Pullman company has suffered heavily recently through the loss of valuables belonging to pas-sengers and it is proposed to sift the

ase to the bottom.
Boyd was swested in the office of Chief McDermett this morning. He appeared highly insulted because of his arrest and declared that he was absolutely innocent. He carried a appealal form of half rate ticket which he says was obtained for him by the empany which he claims to repre
